📁 PROJECTS

Replicated Static Amazon Front-End

Designed and developed a static front-end replica of the Amazon website using HTML, CSS, and JavaScript.

Focused on recreating the user interface, including navigation, product listings, and basic layout.

Deployed the project locally and hosted it on an AWS EC2 instance for demonstration purposes

Static Website Hosting on EC2

Replicated a static Amazon front-end and deployed it on an AWS EC2 instance.

Set up the EC2 instance for hosting and ensured proper configuration.

Successfully accessed the website via the public IP address of the EC2 instance.

Portfolio 📄

Designed and developed a personal portfolio website using HTML, CSS, and JavaScript.

Focused on creating a visually appealing and user friendly layout to showcase my skills, projects, and achievements.

Hosted the portfolio on GitHub Pages for easy access and visibility
